OLD SECURITIES, edited by Ulrich Drumm, Alfons W. Henseler and Erich J. May. 1978. 196p. Paper cover. Illus. R. M. Smythe & Co., 170 Broadway, New York, NY 10038. $15 (plus $1.25 handling).

There has been an increasing interest in engravings recently as evidenced by the sale of prints made from old American Bank Note Company engraved plates. Some of the finest examples of engraving can be found on old stock certificates, two hundred of which have been reproduced in this book. A minimum of information is given including the name of the company, amount of the certificate, city, date, size of the original and country. There is a short comment on each certificate in German but the introduction is in English. The value of the book is primarily in showing examples rather than in giving an extensive background of individual items. Each security is beautifully illustrated in color and the arrangement is according to the business of the company issuing the security.

MONEY OF THE WORLD, by Richard G. Doty. 1978. 240p. Hard cover. Illus. Grosset & Dunlap, 51 Madison Ave., New York, NY 10010. $30.

A historical over-view of money of all kinds, the emphasis of this book is on ancient and medieval monies rather than modern. The first hundred pages are devoted to ancient currency and include coins of Greece, Rome, the Eastern empires and the Orient. Other chapters discuss Byzantine, Renaissance, and seventeenth and eighteenth century European colonial coinage. Also included is an essay on the future of money. This book is a concise view of history as it relates to coins, with excellent larger-than-life photographs of coins from each period. The chapters on ancient history are especially valuable in helping one to understand the relationships of coins from different geographical areas.

ALMOST EVERYTHING YOU WANTED TO KNOW ABOUT FULL STEP NICKELS AND MORE, by Dwight H. Stuckey. 1979. 19p. Paper cover. Illus. Ashley Comprint, 1111 St. Andrews Blvd., Charleston, SC 29407. $2.

Over the years there have been several small design details on U.S. coinage which have caught the eye of collectors. One of these is the fully struck bands on the reverse of the Mercury dime. Now numismatists have something else to look for: full steps at the entrance to Monticello on the reverse of the Jefferson nickel. Mr. Stuckey has written a very entertaining essay giving his views on this specialized area of numismatics, and outlining his finds of full step nickels for different years by each mint. The book contains one illustration of a six full step nickel so the novice will know what he is looking for.

CATALOG DE MOEDAS DO BRASIL, by Arnaldo Russo. 1978. 377p. Hard cover. Illus. Arnaldo Russo, Rua Barao de Paranapiacaba nº 61, 2º Andar-Salas 13 e 13-A, Sao Paulo, Brazil.

An attractive new catalog, this book covers Brazilian coins from early Colonial times (mid 1600's) to 1978. It includes clear drawing or photos of both obverse and reverse; and separate values for each date. Although it is written in Portuguese it can be readily used with the translation of just a few basic numismatic terms.

THE ENCYCLOPEDIA OF DOUBLED DIES, VOLUME I, by John A. Wesler. 1978. 48p. Paper cover. Illus. John A. Wexler, 201 James St., Quakertown, PA 18951. $5.98.

When a doubled die error coin is produced, the error exists on the die itself before the planchet is struck. A common misconception among collectors is that the planchet has been struck twice to produce the doubling. This book is the first in a series of four volumes which will discuss doubled dies and how they can occur. The first volume gives background information and discusses the first of seven identified classes of doubled die errors. The photos are excellent which is particularly helpful for a beginner.

SCRIP, TRADE TOKENS ISSUED BY UNITED STATES COAL MINING COMPANIES AND COMPANY STORES, by Stuart E. Brown Jr. 1978. 370p. Illus. Hard cover. Virginia Book Company, Box 431, Berryville, VA 22611. $22.50

This book is not a catalog listing of coal company tokens and scrip but rather a compilation of background information. In fact, anyone interested in tokens of any kind will find this book of interest. In addition to the information on coal company scrip, there is a section on "errors" and one on the manufacturers of scrip. Many pieces are illustrated and there are numerous photos of company stores. There is some confusion in the definition of terms, but the book contains a great deal of information which is together in one reference for the first time.

CATALOGUE OF LUMBER COMPANY STORE TOKENS, A CATALOG OF THE TOKENS, MEDALS AND PAPER MONEY USED BY LOGGING AND LUMBER COMPANIES, NAVAL STORE OPERATIONS, PAPER COMPANIES AND RELATED FOREST PRODUCT OPERATIONS, by Terry Trantow. 1978. 270p. Illus. Hard cover. Terry Trantow, P.O. Box 524, Ellensburg, WA 98926. $13.50.

The purpose of this work besides cataloguing the tokens is "to provide a 'pocket guide' of the history, geographic location and activity of lumber operations by state." In addition to a lengthy introduction giving background on the lumber industry, the author has added many notes about individual companies in the catalog itself. The information given includes the metal, shape, size and inscription of each token as well as rarity and a table of average values. Some pieces are pictured. It is evident that a great deal of work has gone into this catalogue, and the author is already at work on a supplement.

GREEK COINS AND THEIR VALUES; VOLUME I: EUROPE, by David Sear. 1978. 316p. Hard cover. Illus. B. A. Seaby, Ltd., 11 Margaret St., London W1N 8AT, England. $27.50.

This new edition of a valuable reference has several changes which are worth noting. The most important change is that the work has expanded into two volumes. The first, which has just been published, covers Greek coins in Europe. The projected second volume will cover Africa and Asia Minor. The new edition also uses photos rather than line drawings to illustrate the coins. And a minor but very helpful change is the addition of volume numbers in the references to the British Museum Catalogue.

THE PAPER MONEY OF THE E. A. WRIGHT BANK NOTE COMPANY, by Fred Schwan. 1978. 32p. Paper cover. Illus. BNR Press, Box 157, Portage, OH 43451. $3.95.

A slightly different approach to the study of paper money is the examination of notes printed by a specific bank note company rather than those issued by a specific country. Mr. Schwan has taken this approach in examining the approximately 21 notes printed by the E.A. Wright company in Philadelphia for various French colonies during World War II. Each note is illustrated in black and white, actual size with notations on the colors of the original bills. A short history of the company and a price list are also included.

BAHAMAS — *Fifth Anniversary of Independence $10 Coin to be Struck*

The Central Bank of the Bahamas has announced that it has commissioned the Royal Mint of London to strike the 1978 Bahamas $10 "Prince Charles" coin. This silver coin commemorates the fifth anniversary of Bahamian independence, and marks the first time that a coin bearing the likeness of Prince Charles has been struck by the Royal Mint of London. In fact, it is the first coin to show any heir apparent to the British throne prior to his becoming monarch.

The $10 silver coin featuring the Prince measures 50 millimeters in diameter. It weighs 700 grains and is composed of .500 fine silver. The coin's obverse bears the legend, "FIFTH ANNIVERSARY OF INDEPENDENCE 10 JULY 1973," and the denomination. The reverse design features the Bahamian Coat of Arms and the date. Coins of the same design and denomination have also been struck at Valcambi, S.A., of Switzerland, but the Royal Mint version will be distinguishable by the famous Tower mintmark on the obverse.

The piece is available in proof condition for $33 plus $2 to cover the costs of postage and handling. The coin may also be purchased as part of a special two-coin proof set, which includes a matching $10 silver proof "Prince Charles" coin struck at Valcambi, S.A. The Valcambi coin does not bear a mintmark. A maximum of 25,000 of these coins will be struck by each of the two mints. The special two-coin proof set may be purchased for $63 plus $2 to cover the costs of postage and handling. Collectors are limited to the purchase of only two individual coins or two proof sets.

Orders and inquiries should be directed to: Paramount International Coin Corporation, Department 92, One Paramount Plaza, Englewood, OH 45322.

UNITED STATES — *Striking of Anthony Dollars Slow From Lack of Funds*

Production of the Susan B. Anthony dollar has been stopped temporarily due to the Mint running out of money to finance the production. In early April the Mint used the last of available funds to produce the dollars until a Senate appropriations sub-committee could convene to establish the mechanics for funding the new dollar. Last year, when the Mint's budget was approved, the Anthony dollar had not yet been legislated, so budgeting included only the Eisenhower dollar. Now, since the beginning of the year, only 265,000,000 of the 500,000,000 Anthony dollars to be struck by July have been minted. Waiting until the May 15 hearing has made the July goal impossible to meet.

So far, all of the Anthony dollars minted have been financed with "borrowed" money — $450,000 designated for Eisenhower dollars, and $700,000 from 50-cent production. The Senate sub-committee requested that production be halted until hearings were held, and that the Mint not incur further obligations for the production and promotion of the Anthony dollar that could not be met with funds already appropriated.

Carson City Silver Dollar Distribution Includes Donation to ANA Museum

The ANA is to receive a set of Carson City silver dollars as part of a program by the General Services Administration to dispose of the 978,563 silver dollars still in government custody. The program was developed and recommended by a four member panel convened by Commissioner Roy Markon of GSA's Federal Property Resources Service.

The first stage of the program consists of donations of these uncirculated CC silver dollars to five museums interested in the preservation and display of numismatic

items. These include the American Numismatic Association, the Smithsonian Institution's Division of Numismatics, the Old Mint museum in San Francisco, the Nevada State museum, and the American Numismatic Society. Other stages of this program include a mail auction sale for the rarer specimens of these coins, then a combination single order and bulk sale of other less rare CC dollars, and finally an inventory auction of any remaining coins. At current market prices, it is estimated that about $28 million could be realized from the sale of the nearly one million coins.

New and Recent Issues *by Ernst Kraus, LM 129*

It is the important duty of The Numismatist to record and illustrate new coins. To accomplish this, ANA members in the United States and abroad are invited to correspond with Ernst Kraus at 73-12 35th Avenue, Apt. E-24, Jackson Heights, NY 11372. Coins should be sent to Mr. Kraus, % Coin and Currency Institute, 116 W. 32nd St., 11th Floor, New York City, NY 10001. Coins will be photographed and returned as soon as possible, and a credit line will be given to anyone assisting.

Notes and Queries

NERCA ANA Auction Shaping Up

An exciting and varied collection of uncut small size currency sheets has been consigned to this year's ANA auction July 29-August 1, to be conducted by New England Rare Coin Auctions. Among the most interesting and elusive of them are a $1 sheet of notes, series 1928-D; a $2 sheet, series 1928-C; and a $5 sheet of legal tender notes, series 1928-D. The $1 series is seldom offered and individual notes catalog at $350. Only 25 sheets of the $2 series 1928-C are known to exist, and the rare sheet of $5 legal tender notes has not appeared at auction in several years, the last known sale being held in 1971.

A sandblast proof specimen of the 1928 Hawaiian Sesquicentennial half dollar has also been consigned, one of only 50 minted. To further illustrate the

$2 sheet of notes, series 1928-C, grading Crisp New.

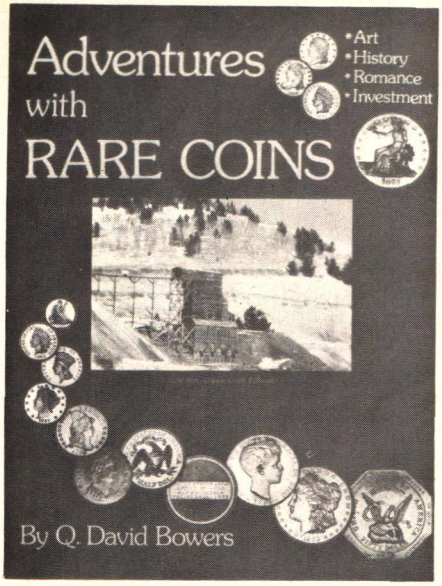
medal, a unique offering of historical materials surrounding the famous commemorative will be sold in a separate lot. Contained in the collection is the Wedgewood plaque, drawings, and papers involved in the design of the Hawaiian half dollar.

If you wish to view any of the consigned ANA auction lots before the convention, the following shows will feature such material: Harvey's Innvitational at Lake Tahoe, June 14-16; New York City Americana, July 6-8; Metro Washington Major Exhibition, July 13-15; and the Retail Coin Dealers Assn. Show, July 20-22.

New Book by Q. David Bowers Now Available

A treasure trove of fascinating information awaits the reader in the pages of a new hard cover book, *Adventures with Rare Coins*, by Q. David Bowers, one of America's leading numismatic authors and scholars. Anecdotes, stories, facts and figures, experiences, and advice are all skillfully woven together and illustrated with fascinating pictures in the volume.

Whether the reader is a collector or an investor, or like most of us, a combination of both, *Adventures with Rare Coins* promises to be one of the most useful books ever. No expense has been spared to make this a first-class book in every regard. The full-color hard cover encloses 320 pages, each 8½ x 11 inches in size, and printed on heavy (80 weight) coated glossy paper. The price of $14.95 postpaid is substantially less than the reader would expect to pay for a volume of this content and quality.



Hundreds of ideas and topics are covered in detail in the large volume. The story of the Morgan dollar, the "Treasury Raid" of 1962, and the Peace dollar will appeal to anyone interested in controversy and excitement. Gold coins are discussed in detail in a "You are there" story taking the reader back to the days of the California Gold Rush. Then the scene shifts to the Rocky Mountain mining camps with their "rags to riches" (and sometimes back to rags) stories. Tokens and medals are the subject of other delightful stories, as are famous American rarities such as the legendary 1913 Liberty head nickel and the 1804 silver dollar.

What was the coin hobby like 100 years ago? What kinds of prices were coins selling for back then? What series were "hot"? Bowers will tell you the answer to these questions in his imaginative book; he'll even tell you how *he* got started in the rare coin business as a teenager 26 years ago, developing his know-how into the well-known Bowers and Ruddy Galleries.

In addition, the author includes a chapter on successful coin investing — methods for successful investing, ideas and suggestions, and stories about how others have wisely invested in coins. And, if the book is obtained for the investment information contained therein, its purchase price is tax-deductible!

Adventures with Rare Coins is offered with a money-back guarantee of satisfaction. Copies can be ordered by sending $14.95 ($15.85 for California residents) to Bowers and Ruddy Galleries, Suite 600-NR, 6922 Hollywood Boulevard, Los Angeles, CA 90028. Copies are available now and will be sent postpaid.

Notable Former Dealer's Book On Early Half Dollars Reprinted

Shortly before his untimely death early in 1972, Al C. Overton published a revision of his 1967 book titled *Early Half Dollar Die Varieties 1794-1836.* That 274-page revision has been practically unobtainable for about two years.

Mrs. Overton reports that a second printing of the revised edition has just been made and copies are available from Bebee's, inc., 4514 No. 30th St., Omaha, NE 68111, and Pollard Coin & Stamp Supply Co., Indianapolis, IN 46218. The price is $35.

To quote from the 1970 edition, "In the compilation of this work it is estimated that over ten thousand lettered-edge half dollars were closely examined, checked and compared. With this book the collector as well as the professional dealer should be able to ascertain the die variety and rarity of most lettered-edge half dollars quickly and positively."

In addition to detailed descriptions of the many varieties of subject coins, they are well illustrated with above average photographs. Nearly every page has pictured the two sides of two different varieties. As examples, there are 32 varieties of the 1795 date and 47 of 1827.

Biblical Numismatic Society Offers Free Bible Coin to New Members

The Biblical Numismatic Society is celebrating its second anniversary by offering a free authentic 2000 year old *Bible* coin to each new member. This valuable bonus is in addition to numerous other membership benefits such as a copy of Mel Wacks' *Handbook of*

Biblical Numismatics from Abraham to the Crusaders, the monthly newsletter *The Augur*, a monthly 35mm slide of the Coin-of-the-Month, and access to a personalized buying service. The ancient Judaean bronze "mites" being given away are valued equal to the low $10 annual membership dues, making membership virtually free!

The free bronze "mites" (also called leptons or prutahs) were minted in Judaea sometime between 130 B.C. and 59 A.D., and thereby were witness to the dramatic events which have shaped the destiny of the Christian world. They might even be identical to the famous Widow's Mite: "And Jesus sat over against the treasury, and beheld how the people cast money into the treasury and many that were rich cast in much. And there came a certain poor widow, and she threw in two mites" (Mark 12:41-42).

Almost 600 BNS members have enjoyed reading articles by editor Mel Wacks; Israeli scholar, Dr. Baruch Kanael; and American professional numismatists such as Steve Rubinger, Ira Goldberg, and Herbert Kreindler. *The Augur* was privileged to print Stanley Clute's important paper, "Major Financial Echoes in the Pauline Letters," and reprinted, with the permission of *The Numismatist*, "The Startling Discovery of Coin Images on the Shroud of Turin," by scientists who have made a comprehensive study of the Shroud. Rare, out-of-print works whose cost alone would be several times the dues of the BNS, have also been reprinted in *The Augur*.

Additionally, society members have been given the opportunity to acquire genuine ancient coins of the Holy Land in all price ranges, from $10 for tiny bronze mites, to thousands of dollars for major rarities. Currently available is one of the best stocks of genuine Biblical coins in the world, offered with expert personal advice to novices as well as experienced collectors.

Persons interested in this offer are advised to remit the $10 annual dues as soon as possible. Checks can be mailed to the Biblical Numismatic Society, 9301 Wilshire Blvd., Beverly Hills, CA 90210.

I am seeking reader assistance in a project for a magazine article and for use in a book. I am seeking folklore, superstitions, myths, family sayings and anything of a similar nature, including the source for such superstitions, myths, etc., which relate to coins, paper money or money in general. These can be what, to you, seem well known or items that relate specifically to your experience; as much detail as possible will be appreciated.

Election Procedure New Pinnacle

I must say, the new ANA election procedure has carried that organization to a true pinnacle of idiocy.

To read article after article in the numismatic press concerning all the convolutions of who is running against whom for which particular board seat and in what particular order is indeed fascinating for one who finds Byzantine political lore fascinating. But it hasn't got much to do with numismatics. In fact, it would now appear that the ANA's *raison d'etre* is to serve as a battleground for people who want to plot against each other for seats on the board, with any other facet of the organization's doings being strictly a subordinate concern.

To be sure, a major organization like the ANA cannot exist without a certain

amount of political jockeying. But the sensible approach is to maintain simple, straightforward election procedures that keep the political maneuvering somewhat in check, so that elections do not become the prime focal point of organization activity. The new election procedure seems to have been engineered with precisely the opposite intent. In fact, it cannot be a coincidence that two distinguished former ANA Presidents have deliberately become embroiled in a head-to-head battle for a board seat, with one of them having been the author of the new election scheme. That scheme seems to have been tailor-made to give these two gentlemen the opportunity to vent what must surely be some sort of personal vendetta. The situation does credit to neither candidate nor to the organization, and assuredly does nothing to promote numismatics. It is just a very sorry spectacle.

Incidentally, for the record, I withdrew from the ANA some years ago, and this kind of silliness confirms my resolve to stay out.

Death Peso

I have been constantly amazed that no one has challenged the merit or worthwhile interest in what I call the "Death Peso" as distributed by Mel Wacks...Less than US .05¢ in value the Peso is counterstamped with the badge or arms of the Papal Chamberlain and as far as coins are concerned is only used during the interim known as SEDE VACANTE or vacant chair, the time space between the death of one Pope and the election of the next Pope. I think the item is in extremely poor taste and of questionable value not to mention the fact that it is much overpriced as are countless other hundreds of items these days. I am really quite surprised that the staff of *The Numismatist* did not call attention to this item.

If the correct arms had been used and a Peso of at least .720 fine had been used and if the funds gained – all the funds that is – had been donated to Children's Charities and if at least nominal approval of the Government of Mexico had been at least requested. . . So very many questions remain unanswered such as why would sixty days be necessary for delivery with a total stated issue of 1,979 pieces? All of these questions deserve a thoughtful answer. Collectors are buying too much "blue sky" these days and those of us who have been collectors for a number of years should offer to share any information that would be of value to the young collector.

Viking Coin Find Stimulates Study

A month or three ago you ran the Seaby article about the Viking coin find in Bath, Maine. From the Boston Globe of Thursday, April 5, 1979, comes the following note:

Financing of plans to secure an area of the Maine Coastline where what is possibly a Viking coin was found was approved yesterday by the State House. If genuine, the coin could be the earliest European artifact found in the United States. The House approved a proposal to provide $6500 this year and $17,500 next year for further study of that area.

New Definitions

I read with interest the article titled "Superb Numismatic Forgeries are Upon Us," by Eric P. Newman (*The Numismatist*, April 1979). I was especially interested in Mr. Newman's definition of a numismatic forgery, but, I can only agree with his definition in part.

I have been interested in counterfeits and other items of numismatic fakery for quite some time, and would like to see the ANA take the lead in standardizing the terminology used in the descriptions of such items. With help from our sister hobby,

philately, I would like to suggest that the ANA adopt and promote the following terms to be used when describing any spurious numismatic items.

Bogus: A bogus coin is a complete impostor, made only to deceive collectors. It has never existed in genuine form. For example, coins made for a country that has never existed or for an existing country that has no coinage system or coins made to represent a country that did exist, but did not have the coin or the monetary unit that the coin purports to be. A fantasy coin.

Counterfeit: Coins that have been unofficially and fraudulently imitated and copied with the view of their being passed off as genuine. They are frequently referred to as forgeries.

Facsimile: A likeness of or an imitation of a genuine coin, sometimes differing quite obviously from the original, openly described as such (unlike a forgery) and made with no intent to deceive or defraud.

Fake: A genuine coin that has been altered or repaired so as to make it appear what it is not, with the intent to deceive collectors.

Forgery: A fraudulent imitation of a genuine coin. There are two major types of forgeries, those made to pass as current money and those made to deceive collectors.

Spurious: Description applied to any coin which is not genuine. Any forgery, fake or bogus coin is a "spurious coin."

Real Numismatists

I think it is about time us "real" numismatists started cracking down on counterfeiters. With the demand for rare coins at an all-time high and with prices escalating at such a rapid pace, this, in turn, has led more and more inexperienced coin buyers into the field. This is all paving the way towards one thing — an ideal situation for counterfeit coins to enter the marketplace. Please, whether you're a collector or a dealer, do *not* sell these coins; contact a "real" numismatist immediately.

In Remembrance

Franklin R. Bruns
ANA 68494

Called the "Dean of Syndicated Coin and Stamp Columnists" by one authority, Franklin Bruns of Takoma Park, Md., died March 24 at the age of 66. He was curator of the division of postal history of the Smithsonian Institution and a trustee of the Cardinal Spellman Philatelic Museum at Regis College, of which he became the first curator in 1962.

Bruns had been a philatelic/numismatic writer for most of his life, having become stamp editor of the New York *Sun* at the age of 19. He had held positions with numerous philatelic organizations, including the Post Office Department, the Postmaster General's Citizens Stamp Advisory Committee, the American Philatelic Congress, the Collectors Club of New York City and others. He had received many awards of recognition for his philatelic journalism.

Bruns became a member of the ANA in 1971, signing his application as a "syndicated columnist." He served on the 1973 Assay Commission and received two awards from the Great Eastern Numismatic Association.

Survivors include his widow, Priscilla, two sons, two daughters and eight grandchildren.

Charles N. Cooley
LM 212

The association lost one of its oldest members when Charles N. Cooley, age 78, died on February 20. Presently there are only 31 members on the rolls who were members when he joined on June 1, 1928, his original number being 3371. His life membership dates from August 1948 when the fee was only $75.

Charles was a native of Grand Rapids, Mich., and spent his life there as a machinist until he and his wife started spending the winters in Tucson, Ariz., eleven years ago. During his active years he collected ancient and medieval coins and German porcelain pieces, traveling often to Europe to study and acquire new specimens. His quiet manner and sincerity in seeking knowledge endeared him to numerous old world numismatists from whom he acquired many unusual items.

Charles was one of the founders of the Grand Rapids Coin Club in 1947 and served as its first secretary, a position his wife filled later. He became a member of Central States Numismatic Society in 1953.

His widow, Gladys, survives him as do one daughter and a son. Another son preceded him in death. — GBS

William E. Hepting
ANA 6887

Word was received recently of the death last November 16 of Mr. Hepting of the Baltimore area. No details were supplied but membership records show that he was admitted June 1, 1938 and was a garage owner at that time. He had lived in Baltimore until a couple of years ago and was 75 years of age at his death.

Donald Paul Pumphrey
ANA 77833

Donald Pumphrey, who became a Junior member in February 1974, was killed in an automobile accident on March 17 in his home town of Pueblo, Colo. He was 20 years of age and had been prominent in youth activities in his community. He was a 1977 Silver Cord graduate from East High School where he had been a student council member, a 1975 winner of the Hugh O'Brian Scholarship, and a recipient of an

academic scholarship to Phillips University in Enid, Okla. Memorial services were held in the Central Christian Church, of which he was a member.

Don's other activities had limited his numismatic involvement but he had served as co-editor of two issues of *The Young Numismatist*. Survivors include his parents, one sister and two brothers, a grandmother and several more distant relatives.

Paul S. Seitz
ANA 7054

Paul Seitz of Glen Rock, Pa., passed away this past November at the age of 75, after a long illness. An active numismatist until his retirement some ten years ago, he will be remembered by collectors and dealers for his ingenious "Seitz" holders which, with his son, he invented and manufactured for many years. He also conducted mail and public auction sales from 1946 to 1968 which were notable for their accurate grading and generally high quality material.

Seitz started in numismatics in the 1930's by obtaining the remainders of the estate of Thomas Elder to whom he was distantly related. A banker by profession, he was one of the few numismatists to ever sign National Bank Notes and later collect and deal in them.

As truly one of the finest gentlemen ever to take part in numismatics he will be missed by his many friends. He is survived by his wife, three children and several grand and great-grand children.

Association bylaws require publication of each application but not necessarily the applicant's mailing address. However, if the option to omit the street or box number was not exercised on the application form, it has been published herein. Such applicants should realize that numerous mailings will follow from various dealers and other numismatic organizations that scan the monthly publication of applicants.

The Association cannot prevent such use of your address now and in the future. However, the ANA has not and will not release any applicants' or members' addresses at any time or for any purpose beyond this initial publication. Notices of changes of addresses of members are never published or released from headquarters.

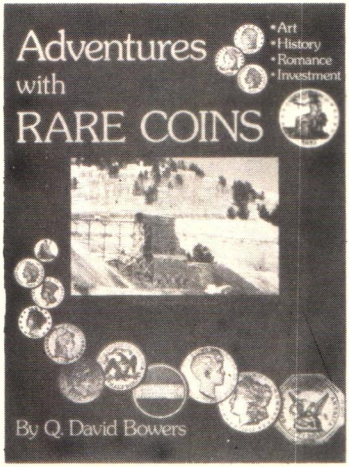
ADVENTURES WITH RARE COINS



Just a Few of the Hundreds of Ideas and Topics Covered

- Story of the Morgan silver dollar — how and why it was issued, how rare are certain issues, the great "Treasury Raid" of 1962, and how hundreds of millions of silver dollars, including prime rarities, were released. Fascinating information. Controversy! Excitement!
- Story of the Peace silver dollars — including startling previously unpublished information which indicates that 1964 Peace dollars (struck in Denver) may exist!
- Gold coins — the fabulous California Gold Rush. Tales of intrigue and adventure. Information on all types of U.S. gold coins, including $1, $2½, $3, $4, $5, $10, $20 and $50.
- Rocky Mountains adventure — the mining camps of Colorado. Life in the "good old days" in the wild west — adventure, treasure, intrigue!
- Tokens and medals — Civil War tokens, encased postage stamps, medals and their stories.
- Paper money — the great Confederate Raid in which renegades from the south invaded the Yankee town of St. Albans, Vermont, and escaped with a fortune in banknotes! Regular U.S. issues illustrated and described. Bison banknotes.
- Romantic stories of famous coins — the fabulous 1913 Liberty nickel, the 1804 silver dollar, the 1877 $50 gold, and others. The 1938-D/S nickel and how it was discovered. Saint-Gaudens and his gold coins — and many, many more.
- A trip in time back to the days of the last century — what was it like to live then? What was the coin hobby like 100 years ago?
- The "adventures of a nickel" in the early 20th century — what would it buy? The 5¢ glass of beer, admission to a movie, a visit to a penny arcade.
- World coins, crowns, ancient coins discussed. Interesting numismatic byways explored.
- "A Numismatic Adventure." How the author began his rare coin business 26 years ago at the age of 14, and how it grew. Interesting experiences and anecdotes of the coin hobby in recent times. You'll find it to be delightful reading!
- Investment in coins. Ideas and suggestions. Methods for successful investing. Stories of how others have done.
- Introduction by John J. Ford, Jr., one of America's most prominent numismatists, who spins a rich tale of his own experiences.
- Art, History, Romance, Investment — you'll find these and hundreds of other ideas in this fascinating book!

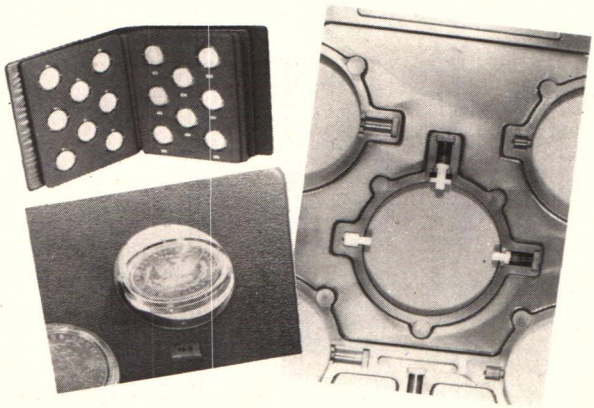
At last AN ALBUM THAT REALLY DISPLAYS AND PROTECTS YOUR VALUABLE COIN COLLECTION



For years coin collectors have had to settle for storage and display albums that were far from ideal. Many albums failed to protect the coins adequately from tarnish, hid the reverse sides of the coins, did not allow for duplication of coins in a series and/or made it difficult to view the edges.

Some of them contained spaces for coins which were so rare that "holes" were left unfilled in the albums.

Until now no album has met the needs of the discriminating collector. But the "Flip-A-Coin" Album solves coin collectors' problems like none other before it.

1) *Each coin is protected from dust, moisture and fingerprints by its own plastic show-case.*
2) *Each coin can be removed and reinserted at any other location in the album, so there is no need for an empty "hole" on any page. They can be arranged according to type, date, errors, or in any desired grouping.*
3) *The edges can be plainly viewed without removing the coin.*
4) *The coin can be pivoted so as to show both obverse and reverse surfaces without turning the page or inverting the album.*
5) *Pages can be added and security maintained because of the screw post binder mechanism.*
6) *The cover, tastefully colored and designed, attractively displays all your coins. There is even a transparent vinyl pocket that holds information.*

Basically, the album consists of durable plastic leaves, each with eight holes fitting silver dollars. The hole size and number vary with the denomination of coin from page to page.

The coin is contained within its own plastic show-case that can be sealed from dust and fingerprints. This holder is held in the album by a sturdy nylon pin assembly within the page.

The pins are normally locked but may be released so that the coin can be flipped over for inspection or removed from the album. Until pressure is exerted upon spring action of the pin, the coin is held firmly in the album with no possibility of falling out.

The pages are made of high impact plastic with hinges held securely within the plastic sheets to allow the pages to lie flat for inspection. The vinyl cover is of the screw post type so that each page can be removed or new pages added.

The coins are identified by peel-off stickers which are placed in recessed date slots below the openings. Thus, the collector can place his coins in the album in any way he wishes and still maintain proper identification.

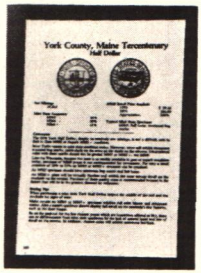
The most complete authoritative reference book published on U.S. Commemoratives

In recent years, commemorative coins have generated an unpredictably high degree of interest and enthusiasm among collectors from coast to coast. They have now become a major segment of the rare coin market. Yet, until now, no complete factual work on the diverse and oftentimes intriguing world of commemorative coins has ever been compiled.

In *A Comprehensive Guide to United States Commemorative Coins*, James S. Iacovo, the nationally-known New England numismatist and recognized authority on U.S. Commemoratives, has assembled a uniquely impressive and functional ready-reference detailing the grading, scarcity and investment potential of every silver and gold U.S. Commemorative issue.

For the past two and a half years, Mr. Iacovo has undertaken the difficult and time-consuming task of preparing a book that, for the first time, defines in precise terms what constitutes MS60, MS65 and MS65+ commemorative coins. Everything is covered . . . from grading, surface peculiarities, luster and abrasions . . . to pricing, pricing premiums and pricing trends . . . to evaluations and Iacovo's special "Buying Tips" that make this such a valuable ready-reference source.

A Comprehensive Guide to United States Commemorative Coins is a book no numismatist should be without. And if you collect commemoratives, it is a book you cannot be without.



Only a limited number of First Edition copies are available. We are releasing them on a first come, first served basis, so be sure to order your Commemorative Guide today. This book is only available by mail.

First Edition Order Form **YES** ☐ Please rush my First Edition copy of *A Comprehensive Guide to United States Commemorative Coins*. My check or money order for $12.95 per copy (plus postage and handling) is enclosed.*

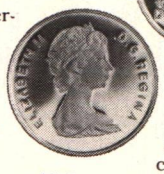
The Royal Canadian Mint

to commemorate the International Year of the Child,
and by authority of the Canadian Government,
announces a limited minting of special interest.

The 1979 Canadian $100 22 karat gold proof coin

Canada joins hands with the rest of the world in wholehearted recognition of the inalienable rights of children everywhere in this, the International Year of the Child.

Accordingly, the Canadian Government has chosen 'International Year of the Child' as the pictorial theme for the 1979 $100 22 karat gold proof coin issued by the Royal Canadian Mint. This beautiful coin has a diameter of 27 mm and weighs 16.965 grams, of which 15.551 grams (1/2 Troy ounce) are fine gold. It is a precious metal, legal tender coin containing 91.66% fine gold and 8.34% fine silver.



A limited issue of 250,000 of the 1979 'International Year of the Child' $100 22 karat gold proof coin has been authorized, orders for which must be postmarked not later than 31st October, 1979 and will be considered on a 'first come, first served' basis until all coins have been sold.

The obverse of this exquisite coin carries Arnold Machin's delicate effigy of The Queen and bears the legend 'Elizabeth II D.G. Regina'. The reverse features a symbolic design by Ottawa artist Carola Tietz

inspired by the International Year of the Child. Six children of different nationalities link hands to form an incomplete chain semi-circling the globe in a spirit of unity and communication through which a happier world may be realized. With the guidance and understanding of adults everywhere, the gap can be closed. All the distinctive charm of this moving design has been captured by the superb craftsmen of the Royal Canadian Mint.

A pre-numbered Certificate of Authenticity, signed by the Master of the Mint, will accompany each coin and officially attest that it is a 22 karat gold proof coin of legal tender struck by the Royal Canadian Mint and authorized by the Canadian Government.

Both coin and certificate will be presented in a handsome brown genuine leather case decorated with a Canadian maple leaf, and lined with a soft brown velour lining. The ensemble of coin and case would make a thoughtful and valuable gift.

Royal Canadian Mint — Monnaie royale canadienne

Important notice
In order to fulfill as many orders as possible, the Mint reserves the right to limit the number of coins per order if, for any reason, it should be found necessary to do so.
The Royal Canadian Mint shall replace any coin found defective due to manufacture or workmanship, if the defects are reported to the Mint within 30 days after receipt of same. If, however, no replacement coin is available, the Mint shall refund to the purchaser the purchase price of such coin.

Greek Coins And Their Values.

An important new work – comprising a listing, with values, of virtually every main type of Hellenic coinage.

Volume I covers the Greek coins of Europe arranged in geographical order from Spain in the west to the Peloponnese and Crete. It also gives a representative selection of contemporary Celtic coins – Gaul, Britain, Spain and Central Europe – the designs of which are largely derived from Greek coin types.

The illustrated preface contains sections on collecting Greek coins, a brief account of Greek history and the development of coinage, Greek coin types, weight standards and denominations, the dating of Greek coins, and books of reference and other sources quoted in the catalogue.

Also included is a table of ancient alphabets, 13 specially drawn maps and a comprehensive index.

3395 coins are listed and 1500 are illustrated from photographs taken by P. Frank Purvey of coins in the British Museum. Many of them had never been photographed for publication before, and will provide the collector and student with a valuable insight into the world's finest collection of Greek coins.

NOTICE
to gold sellers

If there's one basic fact of numismatic life that's as sure as snow in Alaska, it's that William Youngerman wants to buy gold. We want to buy your common gold, we want to buy your rare gold, we want your U.S. and your foreign.

Sure, selling your numismatic material can be frustrating. We've seen collectors, time and again, shopping around like puppies at a flower show and end up doing more fretting and stewing than anything else. Now, we don't mind competition, but just remember that William Youngerman is a name that has meant gold since 1967. At any given time, we have in stock many of the true rarities. The only way to get material such as this is to pay through the nose.

We invite you to shop your U.S. or foreign gold for free appraisal and cash offer. We include the full cost of forwarding your coins in our offer. Although it doesn't happen often, if we do not come to an agreement, we will return your coins fully insured and postpaid, with our check for all your shipping and cost. Send your material fully insured, including invoice listing coins, your full address and telephone number. If you prefer, we will fly to buy large estates or collections. Call today and make an appointment to fit your schedule.

Our references include: Professional Numismatists Guild; American Numismatic Association; Better Business Bureau.

What more can we say. Give us a try. You'll be glad you did!

These precisely-fitting parts join to form a unit of three trays, each pulling out to reveal 50 mm x 50 mm compartments. These are delivered fully assembled, with fitted lock and key. Dimensions: 34.5 cm wide, 24 cm deep, 7 cm high.

The Mintmaster is constructed to save storage space. A complete unit of 30 trays is only 35cm high. An extra attraction to collectors is the facility of building the Mintmaster into a bookcase, as a "case-within-a-case". MORE ON OUR NATIONWIDE BUYING SERVICE

The success of our nationwide buying service was entirely contingent upon you-and you have made it successful. From Maine to Hawaii, we have received countless collections to buy. In the two years since the beginning of our nationwide buying service, we have purchased 87.4% of these collections. This has enabled us to expand our retail sales, but even more important, it has instituted a rational, reasonable, and secure way for you to sell your collection. To those of you who have sold us material, we pledge our continued fair and upright dealings. For those of you that we have not yet met, we urge you to take advantage of our nationwide buying service.

Here is what we are able to provide:

1. Unlimited instant cash (confidential, of course, if you wish).
2. Bank references available. (Contact Mr. Bill Whitsitt at Citizens National Bank, 2001 Bryan Tower, Dallas, or Mr. Steve Parker, Texas Bank & Trust, One Main Place, Dallas.)
3. Call us collect at (214) 748-4044 or (214) 748-4045 if you desire to sell a large collection, or you may ship your collection with invoice to Mike Follett Rare Coins, Plaza Level, One Main Place, Dallas, Texas 75250. Within 24 to 48 hours, you will receive our generous offer by return mail.
   Should you decide not to sell your collection, we will return your coins immediately upon hearing from you. Naturally, the coins will be fully insured and we will pay all postage. As mentioned above, 87.4% of those who have sent us coins in this manner have sold their collection. Through this method, you risk absolutely nothing.
4. Should you have an extremely large collection, we can and will be at your home, office, or bank anywhere in the U.S.A. within 24 hours of your call.
5. We are prepared to buy your entire collection, not just the choice material.
6. You are selling to a coin retailer, not someone who sells to another dealer. This is **so** important. Consequently, you will receive the highest possible price.
7. The company you will be dealing with is known and respected throughout the numismatic world. Backed with 13 years of experience in buying, selling, and grading coins, Mike Follett Rare Coins has established itself as a leader in the numismatic fraternity. Your coins will be inspected by either Mike Follett or Don Willis. Mr. Willis, formerly of Marlow, Oklahoma, is also widely known for his knowledge of numismatics. He is a member of the P.N.G., T.N.A., and A.N.A. It is with great pride that we welcome him in our organization in order that we may be better able to serve you.

We are in particular need of the following numismatic items: all choice type material, early bust dollars and quarters in any grade, all key and semi-key coins with a wholesale value of $10 or more, scarce and rare dates in seated quarters or halves, and all U.S.A. and foreign gold — both rare and common. As we have marketed 19 coins with retail value of over $25,000 each during the last twelve months, we desperately need rare and unique material.

To conclude, take advantage of our policy. It is a service that thousands of satisfied customers have found profitable and safe. We sincerely believe that we can go further in meeting your individual needs than any other buying program offered today.

WHEN YOU FINALLY GET AROUND TO INVESTING IN RARE COINS,

THERE IS BUT ONE ALTERNATIVE —

M. B. SIMONS & ASSOCIATES, LTD.

The purpose of this advertisement is *not* to convince you that choice and rare United States coinage offers unequaled investment potential. As a numismatist and reader of *The Numismatist* magazine, surely this much you already realize. If, by some off chance, you have not yet joined the ranks of true numismatic believers, please write to our firm for additional investment information. What, then, is the point of our ad? If you will pardon our candor in answering thusly: *We are working to make the words "rare coin investment" synonymous with the name "M.B. SIMONS & ASSOCIATES, LTD."*

THE M.B. SIMONS & ASSOCIATES DIFFERENCE:

Unfortunately, in this business it is quite easy for a "fly-by-night" group to hang a numismatic "investment counseling" sign in the national advertising window. Both novice and advanced collector-investors have difficulty in determining which companies are *permanently* involved in numismatics and which companies belong to the ephemera of the rip-off industry.

At M.B. SIMONS & ASSOCIATES, we've been in the mainstream of *true numismatic professionalism* for over a decade and a half. As one of the most firmly established rare coin corporations in the United States, we aren't shy about flaunting our credentials ... We are life members of the American Numismatic Association (#592), members of the Professional Numismatists Guild (since 1969), American Numismatic Society (since 1966), as well as *all* major state and regional numismatic organizations. Last year Krause Publications (the producers of many noteworthy publications) presented us with their Customer Service Award for high business standards. We take the PNG Code of Ethics *seriously*. "As a coin dealer, I recognize my obligations to the public and toward fellow-members in my industry. It is my intention to be worthy of the confidence and respect of those with whom I come in contact in the numismatic trade." We are in this business to stay!

WHAT MAKES OUR COIN INVESTMENT PROGRAM SO SUCCESSFUL?

Although we do not, by any means, claim to be the *only* trustworthy source of rare coin investments, we do believe that our "program" is unique in its own right.

Some of the other major coin companies promote programs in which the client joins a club calling for fixed monthly payments. *YOU CAN'T JOIN OUR INVESTMENT CLUB BECAUSE WE DO NOT HAVE ONE.* We do not offer this type of coin buying plan as we feel too many dealers have abused such programs. Frankly, monthly "package deals" provide *unscrupulous* "professionals" with a convenient outlet for coins that have been in stock too long or merchandise that the dealer cannot otherwise sell. At M.B. SIMONS & ASSOCIATES, LTD., we design the investment plan *with you* — after we are fully aware of your objectives.

Since your investment is ultimately your own decision, and rightly so, our company has proven itself invaluable in helping and guiding the individual in making the *right* choice. Our coin catalogs and ads are a guide for you; but your choices are by no means limited to those items we have in inventory. We will gladly locate a particular piece if it's available. As a matter of fact, our staff spends hours researching and studying past trends and performances in order to achieve proficiency in investment recommendations. Furthermore, we employ a Certified Public Accountant who will be happy to answer your questions pertaining to numismatic investment of private funds, Corporate Pension plans, Keogh programs or estate planning.

In a word, the M.B. SIMONS & ASSOCIATES investment plan is "*personalized.*" Join us. Call or write immediately; *we'll be waiting.*

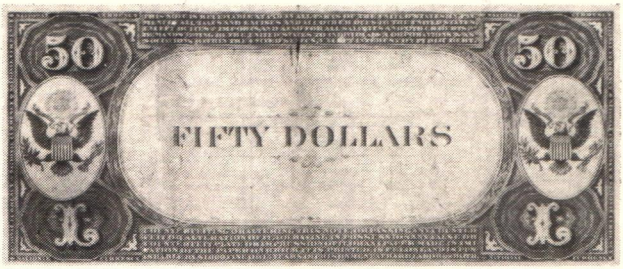
THIS NOTE HAS NOT APPEARED AT AUCTION SINCE 1963



None of the "great" currency collections, as we call them, assembled by Wade, Crofoot, Boyd, Col. H.R. Green, Grinnell, Walton, or Donlon was privileged to have this type note.

Now the opportunity to acquire this note (one of three known) is coming your way again at the International Paper Money auction, June 15-16, at Memphis, Tennessee.

This 600 lot auction of U. S. paper money and related books has many other rarities. Included are several large size type notes in Crisp Unc, such as the 1923 $10; 1869 $20 legal tender notes; a complete type set of U. S. notes, $1-$10 and all but three $20's; $1 1890 coin note, CU; $1, $2, $5 1886 silver certificates, CU; the popular Eagle, Indian and Buffalo notes, CU; and the scarce 1880 $10 silver certificate, CU.

There are over 200 lots of National Bank notes. Most denominations and types are included from a First Charter $50 to a 1929 $10 Alaska. There are two Territorial notes, a $5 First Charter on Laramie, Wyoming Territory and a Las Vegas, New Mexico Territory.

Also, offered to the public for the first time, are the $50 and $100 specimens of the Kidder National Gold Bank First Charter notes, one of two sets known.

This catalog is available for $2, which includes prices realized after the sale. Send now to:

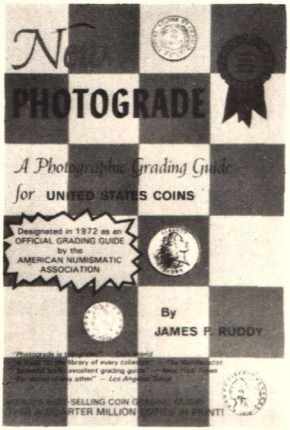
The Best Selling Grading Guide Ever Published!

"PHOTOGRADE!"

by

James F. Ruddy



In today's market, grading is especially important. You need a grading guide that is easy to understand, easy to use, and accurate. You need *Photograde*!

In August 1970, the first edition of *Photograde* by James F. Ruddy made its appearance. In 1972, it received the outstanding honor of being designated as an official grading guide by the American Numismatic Association. Now, a brand new edition of *Photograde* is available, combining the traditional *Photograde* features with a cross reference to the new ANA grading system (based on the 70-point scale).

In one volume you have over 1,000 sharp photographic pictures of United States coins, from half cents to $20 gold, plus colonials. Match your coin to the photograph and you will have it graded in a few moments! It is so simple that even a beginner can use it. It is so accurate that the most expert numismatist will find it constantly useful. A description of each coin's principal characteristic accompanies the illustrations.

Photograde has over a quarter million copies in print — far exceeding any grading guide ever published! It has been enthusiastically acclaimed everywhere. The *New York Times* said: "Grading is most important to all collectors, whether a beginner or a veteran of many years. James F. Ruddy has filled a great need in numismatics with his splendid book, *Photograde*, an excellent grading guide for those who specialize in United States coins."

Coin World said: "Opening *Photograde* is like opening a cabinet of actual coins. It's definitive, true photography — a new concept — combines with clear, crisp text to provide an invaluable working tool for the collector and dealer. *Photograde* is top grade!"

The Numismatist, official journal of the ANA, said, "A must for the library of every collector, beginner or advanced, of United States coins."

The brand new edition of *Photograde* is more useful than ever. It is available for just $3.95 from your local dealer or by mail postpaid by using the coupon below:

"HIGLEY" or "GRANBY" Coinage 1737 "Broad Axe" Variety (Three Pence) FINEST KNOWN!!

The earliest and rarest of legitimate American colonial period copper coins, the very mention of a " Higley" copper conjures up the historic romances and impossible desires of the most ardent collector of colonial coins!

Because of their extreme rarity and value, in any condition, few collectors can but dream of owning a genuine example of this legendary coin.

Of what few specimens exist, most are severely damaged or heavily pitted and eroded and generally in quite poor condition. In fact, just two or three fine examples of all "Higley" varieties have been sold at public auction during the past thirty five years!

Our coin is an extraordinarily choice VERY FINE with the usual striking weaknesses indigenous to this primitive early American issue. The planchet possesses an exquisite medium brown patina in addition to absolutely impeccable surfaces, a near impossibility with this issue! Bear in mind that most of the very few FINE quality specimens extant of ALL VARIETIES have dark and/or granular flans.

This coin is, in fact, recognized as the FINEST KNOWN specimen of this extremely rare date and variety!!

Certainly, the "Higley" coinage is "KING" of all early American copper coins, and a true aristocrat in the entire realm of American colonial and federal numismatics!

$32,500.00

We are keenly interested in all worthwhile numismatic properties, and we shall endeavor to service serious WANT LISTS from our ever increasing and changing inventory. May we be of service to YOU? Thank you.

The cataloger of the famous GRINNELL COLLECTION said of this note, 'This is a beauty. All high denominations are rare, but this is still more desirable because it is from plate No. 3, Series 1. A perfect Crisp Gem Unc.'
Our conservative grading, however, would classify this as Choice Crisp Uncirculated....$29,500.

That's why I give an ANA grading guarantee and 30-day unconditional return privileges on every single coin I send out, whether it costs $50 or $5,000.

My business policies and my personal service have paid off for me and for my steady customers. Why not let them pay off for you, too?

MAYBE I CAN HELP YOU. . .

In selecting the best investments in the numismatic market today! The formula for successful investments is very simple ... buy low and sell high. The trick is to select the areas of greatest potential BEFORE they become the "darlings" of the market.

After 17 years in the business, I have the knowledge and experience to help you make intelligent selections for your rare coin investment portfolio. In 1977, I recommended gem brilliant uncirculated Morgan dollars to my clients. Those that followed my advice did very well indeed. In 1978, I traveled thousands of miles buying gem proof type coins, an area that has really started to move up in price.

In my opinion, there are two other areas of numismatics that are on the brink of substantial price increases. For years they have been overlooked but have all the ingredients to make them real winners. If you are interested in knowing what these two areas are and my reasons why, contact me today! I'll be happy to discuss them in detail with you.

BULK LOTS

SPECIAL #20 - OUR BEST

If you have a few bucks to spend, this is the one to try!

We buy collections, accumulations, and other dealers' stock.

We spend hours each week grading, pricing and putting coins in holders.

By selling bulk lots, we eliminate a lot of this work.

This lot will contain literally hundreds of coins, starting with a fine trade dollar, an early half cent and will include two cent pieces, three cent pieces, large cents, Flying Eagle cents, Shield nickels, Bust and Seated Liberty coins from half dime to half dollars and Morgan and Peace silver dollars. Will also throw in rolls of Liberty nickels, Buffalo nickels, Indian cents, early Wheats and Barber coins. The lot will also contain later B.U. and proof coins and much more.

In addition, we will include a bonus worth $25.00. You keep this even if you return the other coins. You'll also receive a free booklet - "Successful Coin Dealing."

Keep the selection for 10 days. If it isn't completely satisfactory return for same day refund. Your satisfaction is a must with us always.

Try this special at $499.50 postpaid. Master Charge and Visa O. K.

Possibly the best $500.00 you will ever spend.

Not Just A Slogan But Guaranteed Results:

1) We are consistently one of the biggest buyers at any major coin convention we attend. The coins that we buy from other dealers have mostly been purchased from collectors. Why not sell to the top buyer.
2) Year after year we have bought more collections from collectors than other dealers on a competitive bid basis. We are not afraid to bid against our competitors, we welcome the opportunity.
3) We have one of the larger mail order businesses in the country and we are constantly in need of good numismatic material. Since we have the customers we can and will pay more.
4) We have never had to pass up a collection because of size. We will not try to buy your collection and then pay you for it as we sell it.
5) We spent over 100 days traveling last year to buy coins. Few can match this record. If you have a collection for sale we would appreciate having an opportunity to show you how much we can pay.

You Have The Following Options Available:

1) You may ship your coins to us with the prices wanted.
2) You may ship your coins for our offer. We will contact you immediately with our offer.
3) Large collections we will travel to see.
